GENERAL STOESSEL DECLARES
RUSSIANS STILL ABLE TO
REPULSE THE JAPS.

CRISIS OF SIEGE IS NEAR

INNER LINE OF DEFENSES RE-
MAIN INTACT AND VESSELS
LITTLE DAMAGED.

SUMMARY OF WAR NEWS.

Insofar as the contents of the report sent by General Stoessel to Emperor Nicholas by the torpedo boat destroyer Rastoropy, which craft was sunk in the harbor of Chefoo after accomplishing the purpose of her dash out of Port Arthur, have come to public knowledge it serves to indicate that the Russian military commander at Port Arthur regards that the crisis of the siege is not remote. The report asserts that the inner line of defenses is intact; that the damage to warships in the harbor by Japanese shells is not great and that the garrison will be able to hold out against assault for some time.

BLOW UP THEIR VESSEL.

Russians Take Drastic Measures to Prevent Her Capture.

Chefoo, Nov. 17.—The Russians have blown up the torpedo boat destroyer Rastoropy, which put into this harbor with dispatches from General Stoessel to the czar.

The Russians, except one man, left the destroyer in the afternoon. This last man lit fuses and blew up the vessel. There were three dull explosions, which were scarcely discernible a hundred yards away. Almost simultaneously the Rastoropy sank and settled on the bottom. A battleship spar marks her grave.

It is impossible to secure an explanation of the action of the Russians, but it is believed that they were determined not to allow a repetition of the Ryeshitelni incident.

The four issues of the Novi Kral brought by the Rastoropy show evidence of a merciless censorship. Two of them contain no war news and not one publishes a single explicit statement having reference to the fighting on land.

AMMUNITION SCARCE

PORT ARTHUR GARRISON UN-
ABLE TO CONTINUE STRUG-
GLE MUCH LONGER.

Tokio, Nov. 17.—The opinion is expressed that the Russian torpedo boat destroyer Rastoropy carried to Chefoo extended dispatches explaining to St. Petersburg the situation at Port Arthur, the condition of the Russian squadron and the shortage of food and ammunition, referring the question of further resistance to the Russian government.

The nature of the Russian fire indicates a scarcity of certain kind of ammunition. All prisoners taken by the Japanese tell a story of increasing hunger. It is said that the Russian commanders are divided on the question of continuing the defense. If this is true it fits the theory that the Rastoropy carried dispatches passing the question to the czar.

CONFIDENT OF SUCCESS.

Japs Believe Togo Can Easily Defeat Rojstvensky.

Tokio, Nov. 17.—The negotiations between Tokio and Paris concerning the alleged violation by France of neutrality in permitting ships of the Russian second Pacific squadron to use French harbors continue. Pending their conclusion the Japanese government is silent. Sections of the press and public are indulging in somewhat severe criticisms of the action of the French, but the feeling is distinctly more temperate among the better informed Japanese, who acknowledge and even sympathize with the delicate position of France as Russia's ally. Underlying all is calmness concerning the Russian squadron produced by the confidence in the ability in the Japanese navy to defeat the Russians.

GARRISON MAKES A SORTIE.

Japs Drive Back the Enemy With Heavy Losses.

London, Nov. 17.—News from the theater of war in the Far East is still scant. The Morning Post's Shanghai correspondent reports that Japanese have crossed the frozen Shakhe river and that an important engagement is impending. He also asserts that the Port Arthur garrison made a counter attack on the besiegers the night of Nov. 13 and were driven back with heavy losses. Neither of the reports is confirmed in dispatches to other morning newspapers. According to the Standard's Tokio correspondent none of the Russian artillery at

Port Arthur damages the Japanese excepting the big naval guns mounted on the batteries ashore.

VIEW THE RUSSIAN WRECK.

Three Jap Torpedo Boats Enter Chefoo Harbor.

Chefoo, Nov. 17.—Three Japanese torpedo boat destroyers entered the harbor during the morning, satisfied themselves that the Russian torpedo boat destroyer Rastoropy had been sunk and departed.

IMPORTANT DEVELOPMENTS.

Heavy Fighting Expected South of Mukden Shortly.

Mukden, Nov. 17.—It has been generally quiet along the Russian line during the day, varied by occasional artillery exchanges. There have been fewer skirmishes for several days. Reinforcements continue to arrive and one whole regiment was received in a single day.

There is reason to believe that important developments will come about shortly and that possibly there will be heavy fighting.

RUSSIA NEEDS MONEY.

Loan Being Negotiated With Mendelssohn Syndicate.

St. Petersburg, Nov. 17.—Last week's reports that a Russian loan is being negotiated are confirmed, but it is explained that the amount is not so large as reported and that the loan will not be issued till next year. The terms are said to be good. It is understood that the Mendelssohn syndicate, which is taking the loan, will not try to place any portion of it in America.

WITHDRAW TO LIAOTI.

Russians Again Said to Have Quit Town of Port Arthur.

Tokio, Nov. 17.—The Russians at Port Arthur have commenced a general withdrawal from the city and are retreating to the Liaotian peninsula, whither they have removed their provisions. This confirms the statements made by Russian prisoners that General Stoessel will make his final stand on Liaotian.

NOT READY TO QUIT

GENERAL STOESSEL SAYS HE

CAN HOLD PORT ARTHUR FOR
SOME TIME TO COME.

St. Petersburg, Nov. 17.—There is no official confirmation at this hour of the reported blowing up of the torpedo boat destroyer Rastoropy at Chefoo. The understanding at the admiralty had been that the vessel would be hauled up on shore to prevent a repetition of the Ryeshitelni affair and that she would be disarmed in regular course. Officers say that nothing has yet been received to indicate that there has been any other procedure, but that the commander would be governed by conditions. There is no inclination to blame him for taking such measures that might appear to him to be necessary.

General Stoessel's report has not been given out, but the Associated Press understands that it contains no request for instructions regarding the surrender of Port Arthur. It is intimated that the report goes at considerable length into details of the recent land fighting, but says that the interior line of defenses remains intact. General Stoessel believes he will be able to withstand the Japanese assaults for some time to come. The blockade has been run by a vessel with a cargo of ammunition, food and hospital supplies. Some warships in the harbor have been damaged by shell fire, but not seriously. Many guns have been removed from the ships and mounted on shore, where large drafts from the crews are taking turns in aiding the garrison in the defense of the fortress.

STATE BANQUET AT WINDSOR.

King and Queen of Portugal Dined by King Edward.

London, Nov. 17.—The state banquet at Windsor castle during the evening in honor of King Charles and Queen Amelie of Portugal equalled in brilliancy the previous magnificent functions at which European rulers have been the guests of Great Britain's reigning monarchs in the historic St. George's hall. The guests, numbering 166, included members of the royal family, foreign representatives at the court of St. James, cabinet ministers, leaders of the opposition, military and naval officials and others prominent in the highest circles of Great Britain. The guests assembled in the white drawing room, where they were arranged in order of precedence by officers of state, the ladies on one side and the gentlemen on the other.

After the dinner presentations were made to King Charles and Queen Amelie in the reception hall.

CAPTAIN AND CREW PERISH.

Schooner Missouri Carcened During Recent Atlantic Storm.

Raleigh, N. C., Nov. 17.—A special from Washington, N. C., says Captain Williams and three others left here Saturday on the schooner Missouri for their home in Hyde county. Stormstruck at Indian Head they anchored off the harbor, but after dinner the wind blew them off their anchorage and the boat was careened and all on board drowned. The names of the crew cannot be obtained.

WILL REPUDIATE AGREEMENT WITH ENGLAND.

RECALL OF HER AMBASSADOR

SAID COUNT BENKENDORFF IS
TO BE MADE SCAPEGOAT
OF THE AFFAIR.

London, Nov. 17.—The Daily Telegraph's St. Petersburg correspondent, who throughout has taken somewhat alarmist views regarding the outcome of the North Sea dispute, in a telegram printed this morning, says the admiralty has gained an ascendancy, which compels the Russian foreign office to repudiate its agreement with Great Britain and that Count Benkendorff, Russian ambassador to Great Britain, will be made the scapegoat and probably will be recalled.

Meantime, he adds, the negotiations are at a standstill and the matter will be referred to the emperor.

A dispatch to Reuters's Telegram company from St. Petersburg, however, confirms the Associated Press dispatches to the effect that Russia does not desire in any way to recede from the basis of the agreement, but proposes a modification of the language submitted in the British text; and the Daily Telegraph itself, in an editorial, is inclined to hope that reference of the matter to the emperor gives promise of a satisfactory settlement of the matter. The paper concludes by saying that it "cannot believe the czar will treat thus lightly the word of Russia pledged in his name."

CAN HOLD HIS OWN

GENERAL STOESSEL DECLARES

RUSSIANS STILL ABLE TO
REPULSE THE JAPS.

CRISIS OF SIEGE IS NEAR

INNER LINE OF DEFENSES RE-

MAIN INTACT AND VESSELS
LITTLE DAMAGED.

SUMMARY OF WAR NEWS.

Insofar as the contents of the report sent by General Stoessel to Emperor Nicholas by the torpedo boat destroyer Rastoropny, which craft was sunk in the harbor of Chefoo after accomplishing the purpose of her dash out of Port Arthur, have come to public knowledge it serves to indicate that the Russian military commander at Port Arthur regards that the crisis of the siege is not remote. The report asserts that the inner line of defenses is intact; that the damage to warships in the harbor by Japanese shells is not great and that the garrison will be able to hold out against assault for some time.

Conditions south of Mukden remain unchanged, although there are said to be indications that important developments are at hand.

BLOW UP THEIR VESSEL.

Russians Take Drastic Measures to Prevent Her Capture.

Chefoo, Nov. 17.—The Russians have blown up the torpedo boat destroyer Rastoropny, which put into this harbor with dispatches from General Stoessel to the czar.

The Russians, except one man, left the destroyer in the afternoon. This last man lit fuses and blew up the vessel. There were three dull explosions, which were scarcely discernible a hundred yards away. Almost simultaneously the Rastoropny sank and settled on the bottom. A battleship spar marks her grave.

It is impossible to secure an explanation of the action of the Russians, but it is believed that they were determined not to allow a repetition of the Ryeshitelni incident.

The four issues of the Novi Krai brought by the Rastoropny show evidence of a merciless censorship. Two of them contain no war news and not one publishes a single explicit statement having reference to the fighting on land.

AMMUNITION SCARCE

PORT ARTHUR GARRISON UN-

ABLE TO CONTINUE STRUG-

GLE MUCH LONGER.

Tokio, Nov. 17.—The opinion is expressed that the Russian torpedo boat destroyer Rastoropny carried to Chefoo extended dispatches explaining to St. Petersburg the situation at Port Arthur, the condition of the Russian squadron and the shortage of food and ammunition, referring the question of further resistance to the Russian government.

The nature of the Russian fire indicated a scarcity of certain kind of ammunition. All prisoners taken by the Japanese tell a story of increasing hunger. It is said that the Russian commanders are divided on the question of continuing the defense. If this is true it fits the theory that the Rastoropny carried dispatches passing the question to the czar.

CONFIDENT OF SUCCESS.

Japs Believe Togo Can Easily Defeat

Rojestvensky.

Tokio, Nov. 17.—The negotiations between Tokio and Paris concerning the alleged violation by France of neutrality in permitting ships of the Russian second Pacific squadron to use French harbors continue. Pending their conclusion the Japanese government is silent. Sections of the press and public are indulging in somewhat severe criticisms of the action of the French, but the feeling is distinctly more temperate among the better informed Japanese, who acknowledge and even sympathize with the delicate position of France as Russia's ally. Underlying all is calmness concerning the Russian squadron produced by the confidence in the ability in the Japanese navy to defeat the Russians.

GARRISON MAKES A SORTIE.

Japs Drive Back the Enemy With Heavy Losses.

London, Nov. 17.—News from the theater of war in the Far East is still scant. The Morning Post's Shanghai correspondent reports that Japanese have crossed the frozen Shakhe river and that an important engagement is impending. He also asserts that the Port Arthur garrison made a counter attack on the besiegers the night of Nov. 13 and were driven back with heavy losses. Neither of the reports is confirmed in dispatches to other morning newspapers. According to the Standard's Tokio correspondent none of the Russian artillery at

Port Arthur damages the Japanese excepting the big naval guns mounted on the batteries ashore.

VIEW THE RUSSIAN WRECK.

Three Jap Torpedo Boats Enter Chefoo Harbor.

Chefoo, Nov. 17.—Three Japanese torpedo boat destroyers entered the harbor during the morning, satisfied themselves that the Russian torpedo boat destroyer Rastoropny had been sunk and departed.

IMPORTANT DEVELOPMENTS.

Heavy Fighting Expected South of Mukden Shortly.

Mukden, Nov. 17.—It has been generally quiet along the Russian line during the day, varied by occasional artillery exchanges. There have been fewer skirmishes for several days. Reinforcements continue to arrive and one whole regiment was received in a single day.

There is reason to believe that important developments will come about shortly and that possibly there will be heavy fighting.

RUSSIA NEEDS MONEY.

Loan Being Negotiated With Mendelsohn Syndicate.

St. Petersburg, Nov. 17.—Last week's reports that a Russian loan is being negotiated are confirmed, but it is explained that the amount is not so large as reported and that the loan will not be issued till next year. The terms are said to be good. It is understood that the Mendelsohn syndicate, which is taking the loan, will not try to place any portion of it in America.

WITHDRAW TO LIAOTI.

Russians Again Said to Have Quit Town of Port Arthur.

Tokio, Nov. 17.—The Russians at Port Arthur have commenced a general withdrawal from the city and are retiring to the Liaotishan peninsula, whither they have removed their provisions. This confirms the statements made by Russian prisoners that General Stoessel will make his final stand on Liaotishan.

NOT READY TO QUIT

GENERAL STOESSEL SAYS HE

CAN HOLD PORT ARTHUR FOR
SOME TIME TO COME.

St. Petersburg, Nov. 17.—There is no official confirmation at this hour of the reported blowing up of the torpedo boat destroyer Rastoropny at Chefoo. The understanding at the admiralty had been that the vessel would be hauled up on shore to prevent a repetition of the Ryeshitelni affair and that she would be disarmed in regular course. Officers say that nothing has yet been received to indicate that there has been any other procedure, but that the commander would be governed by conditions. There is no inclination to blame him for taking such measures that might appear to him to be necessary.

General Stoessel's report has not been given out, but the Associated Press understands that it contains no request for instructions regarding the surrender of Port Arthur. It is intimated that the report goes at considerable length into details of the recent land fighting, but says that the interior line of defenses remains intact. General Stoessel believes he will be able to withstand the Japanese assaults for some time to come. The blockade has been run by a vessel with a cargo of ammunition, food and hospital supplies. Some warships in the harbor have been damaged by shell fire, but not seriously. Many guns have been removed from the ships and mounted on shore, where large drafts from the crews are taking turns in aiding the garrison in the defense of the fortress.

STATE BANQUET AT WINDSOR.

King and Queen of Portugal Dined by King Edward.

London, Nov. 17.—The state banquet at Windsor castle during the evening in honor of King Charles and Queen Amelie of Portugal equalled in brilliancy the previous magnificent functions at which European rulers have been the guests of Great Britain's reigning monarchs in the historic St. George's hall. The guests, numbering 166, included members of the royal family, foreign representatives at the court of St. James, cabinet ministers, leaders of the opposition, military and naval officials and others prominent in the highest circles of Great Britain. The guests assembled in the white drawing room, where they were arranged in order of precedence by officers of state, the ladies on one side and the gentlemen on the other.

After the dinner presentations were made to King Charles and Queen Amelie in the reception hall.

CAPTAIN AND CREW PERISH.

Schooner Missouri Carcened During Recent Atlantic Storm.

Raleigh, N. C., Nov. 17.—A special from Washington, N. C., says Captain Williams and three others left here Saturday on the schooner Missouri for their home in Hyde county. Stormstruck at Indian Head they anchored off the harbor, but after dinner the wind blew them off their anchorage and the boat was carcened and all on board drowned. The names of the crew cannot be obtained.

AN ALARMIST VIEW

CORRESPONDENT SAYS RUSSIA

WILL REPUDIATE AGREEMENT WITH ENGLAND.

RECALL OF HER AMBASSADOR

SAID COUNT BENKENDORFF IS

TO BE MADE SCAPEGOAT
OF THE AFFAIR.

London, Nov. 17.—The Daily Telegraph's St. Petersburg correspondent, who throughout has taken somewhat alarmist views regarding the outcome of the North Sea dispute, in a telegram printed this morning, says the admiralty has gained an ascendancy, which compels the Russian foreign office to repudiate its agreement with Great Britain and that Count Benkendorff, Russian ambassador to Great Britain, will be made the scapegoat and probably will be recalled.

Meantime, he adds, the negotiations are at a standstill and the matter will be referred to the emperor. A dispatch to Reuter's Telegram company from St. Petersburg, however, confirms the Associated Press dispatches to the effect that Russia does not desire in any way to recede from the basis of the agreement, but proposes a modification of the language submitted in the British text; and the Daily Telegraph itself, in an editorial, is inclined to hope that reference of the matter to the emperor gives promise of a satisfactory settlement of the matter. The paper concludes by saying that "cannot believe the czar will treat thus lightly the word of Russia pledged in his name."

WITH ALL ON BOARD.

Yacht Sinks in Recent Storm Off Atlantic Coast.

Norfolk, Va., Nov. 17.—Oystermen arriving at Elizabeth City from Croatin river and Pamlico sound report the foundering on Sunday of the yacht Roberta of Providence, R. I., and the loss of all on board. The Roberta was bound for Florida with a hunting party to stay the winter. She was at Elizabeth City Friday and left Saturday for the South. The oystermen report warning the yacht to put back on account of the storm that was raging and that she foundered very shortly afterward.

MAY LOSE AN EYE.

George Gould Shoots an Attendant While Hunting.

Raleigh, N. C., Nov. 17.—While George Gould was shooting birds near High Point during the day he accidentally shot Edward Burns, an attendant. Several shot entered Burns' eye. A specialist of Greensboro saying there was small chance of saving the eye Mr. Gould at once sent the man to New York, where eminent oculists will be told to spare nothing that science and skill can effect to save Burns' sight.

Eighteen-Year-Old Colored Boy Hanged for Murder.

Wethersfield, Conn., Nov. 17.—Joseph Watson, an eighteen-year-old colored boy, who murdered Henry Osborn of Hartford last August, paid the penalty for his crime during the morning, when he was hanged in the state prison.

The crime for which Watson met his death was committed on the morning of Aug. 5, when he shot to death Henry Osborn, former police commissioner of Hartford, at the latter's home. He forced his way into the house the night before and, as was his custom when he was in the employment of Osborn as valet, slept in the basement. The next morning he went into Osborn's chamber pistol in hand and began the attack. His plea was self-defense, he claiming that he did not shoot Osborn until the latter attempted him for demanding wages alleged to be due.

A Letter from Webbwood.

Secretary A. L. Hoffman, of the Shakespeare Mining company, received the following letter this morning from William Wood, who is at the mine at Webbwood, Ont.:

"Since writing you yesterday at the Soo we had a blast put in the bottom of the well that we abandoned digging because we struck a ledge and could not go any further. After blasting we found that we had struck a four foot vein of quartz. We panned it and it showed gold in every pan. Capt. McKenzie, our mine boss, says that it will run from \$100 to \$150 per ton and he also says this is the best thing as quantity showing of quartz that we have struck yet. The gold is some darker than the rest of the gold in the main shaft."

This ledge was found in a well which was being dug to supply water for the stamp mill and is forty rods from the main shaft, and they had no idea of finding gold in this location.

STOVE

:::

SALE

This will be the First Genuine Great Stove Sale ever held in Brainerd; the particular difference between this sale and the many other sales going on at the present time, is that we do not oblige you to pay spot cash to get the benefit of it.

We have fifty-one different kinds of Heaters and six varieties of Ranges and we have to keep about five hundred stoves on hand to back up these samples, and our store is so

crowded with goods that we haven't room even to show such a large variety of samples.

What we want to do this fall is to close out this entire stock so as to start in next season with a smaller variety and consequently smaller stock. We would rather sell all of these stoves on the installment plan than to sell only part of them for cash and carry the balance over another year, and we would rather you would have the use and comfort of a

good Heater or Range and pay for it at your convenience than to keep them in our warehouse where they are doing no one any good.

It is rather an unusual proceeding to offer goods on the installment plan at a closing out sale, therefore we have explained our reasons as above, to convince you that we mean business.

Come in and see what Bargains we have to offer is all we ask.

Girls, save this ad, it counts as coupon in contest for

A Letter from Webbwood.

Secretary A. L. Hoffman, of the Shakespeare Mining company, received the following letter this morning from William Wood, who is at the mine at Webbwood, Ont.:

"Since writing you yesterday at the Soo we had a blast put in the bottom of the well that we abandoned digging because we struck a ledge and could not go any further. After blasting we found that we had struck a four foot vein of quartz. We panned it and it showed gold in every pan. Capt. McKenzie, our mine boss, says that it will run from \$100 to \$150 per ton and he also says this is the best thing as quantity showing of quartz that we have struck yet. The gold is some darker than the rest of the gold in the main shaft."

This ledge was found in a well which was being dug to supply water for the stamp mill and is forty rods from the main shaft, and they had no idea of finding gold in this location.

STOVE

SALE

This will be the First Genuine Great Stove Sale ever held in Brainerd; the particular difference between this sale and the many other sales going on at the present time, is that we do not oblige you to pay spot cash to get the benefit of it.

We have fifty-one different kinds of Heaters and six varieties of Ranges and we have to keep about five hundred stoves on hand to back up these samples, and our store is so

crowded with goods that we haven't room even to show such a large variety of samples.

What we want to do this fall is to close out this entire stock so as to start in next season with a smaller variety and consequently smaller stock. We would rather sell all of these stoves on the installment plan than to sell only part of them for cash and carry the balance over another year, and we would rather you would have the use and comfort of a

good Heater or Range and pay for it at your convenience than to keep them in our warehouse where they are doing no one any good.

It is rather an unusual proceeding to offer goods on the installment plan at a closing out sale, therefore we have explained our reasons as above, to convince you that we mean business.

Come in and see what Bargains we have to offer is all we ask.

Girls, save this ad, it counts as coupon in contest for

38 YEARS BUSINESS.

WILL CLOSE OUT OUR STORE

\$40,000 WORTH OF GOODS TO SELL. STORE TO RENT.

As the fall season began we bought liberally of all kinds of goods in our line, now all will be closed out without regards to cost. This sale will be pushed until the goods are closed out and no let up. Call early and often and see what we are doing. We will make this a genuine Closing-out Sale and no farce.

Great bargains in all kinds of goods, nothing will be reserved, all must go from Front door to Seventh street doors. Sell goods is the word all over. Bargains in every thing that you can mention. I cannot name every article, the store is too big. Bargains in shoes and rubbers for all people. Clothing for Men, and Boys; Ladies', Misses', Children's and Men's underwear at a great sacrifice.

Ladies' and Gents' furnishing goods in great variety, all must go. Ladies' coats, Children's coats and Ladies' skirts 33 to 60 per cent off, think of it; nothing reserved, all must go. First come first served.

Great saving in the grocery department; come get prices and you will buy goods to the close.

Remember this is a genuine Closing-out Sale, store to rent. I will retire from the mercantile business and engage in other business in Brainerd. Thanking my customers and friends for past favors. Yours for a finish.

St. Petersburg, Nov. 17.—The war office here utterly discredits the report of trouble between Afghanistan and Russia at Kushk. There is direct telegraphic communication with Kushk and no report of trouble there has been received. It is explained that the magazine is inside the fortress and that it is inconceivable that the Afghans could have entered and exploded it.

PAYS EXTREME PENALTY.

Eighteen-Year-Old Colored Boy Hanged for Murder.

Wetherfield, Conn., Nov. 17.—Joseph Watson, an eighteen-year-old colored boy, who murdered Henry Osborn of Hartford last August, paid the penalty for his crime during the morning, when he was hanged in the state prison.

The crime for which Watson met his death was committed on the morning of Aug. 5, when he shot to death Henry Osborn, former police commissioner of Hartford, at the latter's home. He forced his way into the house the night before and, as was his custom when he was in the employment of Osborn as valet, slept in the basement. The next morning he went into Osborn's chamber pistol in hand and began the attack. His plea was self-defense, he claiming that he did not shoot Osborn until the latter attacked him for demanding wages alleged to be due.

HAVE EAGLE EYES
ON THE NEW HOTEL

Several Have Looked over the
Proposition and Have Been
Dickering with R. R. Wise

MR. WISE WILL LEASE HOTEL

F. S. and Wm. Lycan, of Crookston,
Have Been Here—G. E. Trent
is a Prospective Lessee

Now that the work is so far advanced
on the new Ransford, hotel men who are
looking for good openings have been
looking Brainerd way with serious con-
sideration and it is understood that Mr.
Wise has several propositions which he
is considering.

Mr. Wise will lease the new Ransford
and this fact has attracted a number of
gentlemen to this city. The first of the
week F. S. and William Lycan, the hotel
men of Crookston, were here and looked
the proposition over very carefully. It
is understood that they made a proposi-
tion to Mr. Wise and he is considering
the matter.

G. E. Trent, who run the Arlington
just before it was burned, last January
is a prospective lessee of the hotel. Mr.
Trent was in the city yesterday and left
for St. Paul on business. He has been
in consultation with Mr. Wise and it is
not at all improbable that they may
come together.

Another gentleman who was in the
city yesterday and who is interested in
the matter was F. P. Hannfin, who
until a short time owned and controlled
the Markham hotel at Bemidji.

There are others who have been fig-
uring some and it is rumored that one
prominent and popular hotel man in this
city has been seriously considering the
matter of leasing the hotel. All the
above gentlemen are well known hotel
men.

The fact that a man some times ad-
vertises a closing out sale does not cut
much figure with the average citizen.
The people of Brainerd, therefore, have
given little thought to the advertise-
ment of Mr. Cale that he would close
out. It is a fact that Mr. Cale will re-
tire from business and THE DISPATCH
has it on good authority that he has two
or three propositions to rent his store
from the first of the year.

For Charities' Sale.

Tickets are now on sale at Dunn's
drug store for the charity ball, to be
given Nov. 30, by the Bachelor Maids
club of this city. This event is for the
purpose of helping the poor families of
Brainerd through this winter, and the
money will be kept for this only.

The girls are putting forth every effort
to make this ball a success and it is
hoped that the public will follow their
usual charitable instincts by buying a
ticket and encouraging others to do
likewise. Those who attend this func-
tion will undoubtedly get their money's
worth, besides helping so good a cause,
as it is the intention of the Bachelor
Maids to make the ball one long to be
remembered by its attractiveness.

The music is to be furnished by Gra-
ham's orchestra and light refreshments
will be served. It is believed that every
one will be glad of this splendid oppor-
tunity to do his share in charitable
work, especially if he knows how many
are in need of help and remembers that

ceive."

WOULD MAKE A
PLAY FOR FACTORY

It has Been Suggested that Brainerd
Business Men go After
Cracker Factory

BURNED OUT AT WADENA

W. J. Weddell Interested and if
Given Encouragement Might
Take Matter Up

A few days ago the Wadena Cracker
Factory burned down and one of the
most flourishing institutions in north-
ern Minnesota was temporarily put out
of business. It has not been decided,
according to reports from Wadena,
whether the factory will be built up
again or not. In connection with this,
however, it has been rumored that the
promoters and those interested would
not be at all adverse to moving the en-
terprise to this city.

W. J. Weddell has for some time been
considering the matter of putting in a
candy factory here and it is understood
now that if proper encouragement
would be given him and those interest-
ed in the cracker factory at Wadena by
the business men of Brainerd, that they
could be induced to combine the two
and give the city a good paying institu-
tion.

The cracker factory at Wadena has
been doing a thriving business and it is
understood that W. J. Weddell is now
turning out a lot of the goods which
they need at present to fill orders.

It is understood that the business
men here are taking the matter up and
something may develop in a few days.

MUSIC AND DRAMA.

"YON YONSON" TONIGHT.
Tonight the original, the most typical
and successful of all Swedish-American
dialect plays, "Yon Yonson," comes to
the Brainerd Opera house. It is a
comedy-drama which possesses a plot of
dramatic value and as well, during the
presentation of the play, a number of
delightful singing and dancing features
are introduced. "Yon Yonson" was
written by the late Gus Heege, who was
also the first actor seen in the clever
character part. This season the role is

interpreted by Mr. Charles Brattstrom,
who was especially brought over from
Sweden by Manager P. J. Kennedy.
An entirely new scenic outfit has been
provided for this season and one of the
best companies engaged, which has ever
come out of New York in a character
play. It includes among others such
well known artists as Violet Holmes,
Hazel Harroun, Elizabeth B. Chester,
Harry Bond, James C. Mack and E. Guy
Spangler. Seats selling at Dunn's.

"JOSHUA SIMPKINS."

On Thanksgiving "Joshua Simpkins,"
a play of rural life, will be seen at the
Brainerd opera house, matinee and
evening, and it will be a pleasant diver-
sion for this holiday. The prices for the
evening will be 25, 50 and 75 cents and
the matinee 25 and 50 cents. This play
has just been given at Duluth and the
company received some very meritori-
ous recommendations.

MR. WALKER WHITESIDE.

Accompanied by players of note in-
cluding John Sutherland, Lawrence
Ewart, Miss Jessie Church and Miss
Lelia Wolstan, Mr. Walker Whiteside
will present "David Garrick's Love" in
this city at the Brainerd opera house
under the auspices of the Brainerd lodge
of Elks on Friday, Nov. 25. The play is
an adaptation of a German dramatiza-
tion of an episode in the life of the most
famous actor of his day in London.
The version acquired by Mr. Whiteside
during his recent visit to London is en-
tirely new and differs materially from
the one used by the elder Sothern some
thirty years ago. It is a more modern
treatment of the same story and theme
and has met with undeniable success.

MAUD ULMER JONES.

The Helena, Mont., Independent in
speaking of Maud Ulmer Jones, who
will give a concert at the First Congre-
gational church next Tuesday evening,
says:

"Those who attended the concert at
the Unitarian church last evening—and
they were many—account themselves
fortunate, for the reason that they were
privileged to hear the rendition of a pro-
gram filled from first to last number
with that which delights the soul of the
lover of music. The artists were Mrs.
Maud Ulmer Jones and Miss Gertrude
Sans Souci, and the good things that
had been said of them in advance were
shown to be deserved in every particu-
lar. Altogether it was an evening of
music good to remember."

REAREND COLLISION.

Two Passengers Killed and Nine Ser-
iously Injured.

Detroit, Mich., Nov. 17.—Two pas-
sengers were killed and nine or more
passengers and train men were in-
jured in a rear-end passenger train col-
lision at Elm Dale, on the Pere Mar-
quette railroad.

The dead are: M. Simons, New
York city, and J. L. Strelitzky, Chi-
cago.

A Saginaw train had preceded a
Detroit train out of Grand Rapids by
a few minutes and was standing on a
"Y" at Elm Dale, where the Saginaw
division branches off from the De-
troit division. Through some mistake
the switch was not turned after the
Saginaw train passed and the Detroit
train also ran on the "Y," the loco-
motive of the Detroit train crashing
into the rear car of the Saginaw
train.

The passengers killed and injured
were in the parlor car and the train
men who were hurt were in the De-
troit train.

The Detroit train was running slow-
ly, as it was approaching a station.

Police Stopped the Fight.

South Bend, Ind., Nov. 16.—The po-
lice stopped the fight between Tommy
Ryan and Jack Graham of Kansas
City at the end of the fourth round.
The bout was to have been a ten-
round go. Graham was floored four
times in the last round.

HAVE EAGLE EYES ON THE NEW HOTEL

Several Have Looked over the
Proposition and Have Been
Dickering with R. R. Wise

MR. WISE WILL LEASE HOTEL

F. S. and Wm. Lycan, of Crookston,
Have Been Here—G. E. Trent
is a Prospective Lessee

Now that the work is so far advanced
on the new Ransford, hotel men who are
looking for good openings have been
looking Brainerd way with serious con-
sideration and it is understood that Mr.
Wise has several propositions which he
is considering.

Mr. Wise will lease the new Ransford
and this fact has attracted a number of
gentlemen to this city. The first of the
week F. S. and William Lycan, the hotel
men of Crookston, were here and looked
the proposition over very carefully. It
is understood that they made a proposi-
tion to Mr. Wise and he is considering
the matter.

G. E. Trent, who run the Arlington
just before it was burned, last January
is a prospective lessee of the hotel. Mr.
Trent was in the city yesterday and left
for St. Paul on business. He has been
in consultation with Mr. Wise and it is
not at all improbable that they may
come together.

Another gentleman who was in the
city yesterday and who is interested in
the matter was F. P. Hannlin, who
until a short time owned and controlled
the Markham hotel at Bemidji.

There are others who have been figur-
ing some and it is rumored that one
prominent and popular hotel man in this
city has been seriously considering the
matter of leasing the hotel. All the
above gentlemen are well known hotel
men.

Doesn't Respect Old Age.

It's shameful when youth fails to show
proper respect for old age, but just the
contrary in the case of Dr. King's New
Life Pills. They cut off maladies no
matter how severe and irrespective of
old age, dyspepsia, jaundice, fever, con-
stipation all yield to this perfect Pill.

The fact that a man some times ad-
vertises a closing out sale does not cut
much figure with the average citizen.
The people of Brainerd, therefore, have
given little thought to the advertise-
ment of Mr. Cale that he would close
out. It is a fact that Mr. Cale will re-
tire from business and THE DISPATCH
has it on good authority that he has two
or three propositions to rent his store
from the first of the year.

Tickets are now on sale at Dunn's

given Nov. 30, by the Bachelor Maids
club of this city. This event is for the
purpose of helping the poor families of
Brainerd through this winter, and the
money will be kept for this only.

The girls are putting forth every effort
to make this ball a success and it is
hoped that the public will follow their
usual charitable instincts by buying a
ticket and encouraging others to do
likewise. Those who attend this func-

worth, besides helping so good a cause,
as it is the intention of the Bachelor
Maids to make the ball one long to be

BURNED OUT AT WADENA

W. J. Weddell Interested and if
Given Encouragement Might
Take Matter Up

A few days ago the Wadena Cracker
Factory burned down and one of the
most flourishing institutions in north-
ern Minnesota was temporarily put out
of business. It has not been decided,
according to reports from Wadena,
whether the factory will be built up
again or not. In connection with this,
however, it has been rumored that the
promoters and those interested would
not be at all adverse to moving the en-
terprise to this city.

W. J. Weddell has for some time been
considering the matter of putting in a
candy factory here and it is understood
now that if proper encouragement
would be given him and those interest-
ed in the cracker factory at Wadena by
the business men of Brainerd, that they
could be induced to combine the two
and give the city a good paying institu-
tion.

The cracker factory at Wadena has
been doing a thriving business and it is
understood that W. J. Weddell is now
turning out a lot of the goods which
they need at present to fill orders.

It is understood that the business
men here are taking the matter up and
something may develop in a few days.

MUSIC AND DRAMA.

"YON YONSON" TONIGHT.

Tonight the original, the most typical
and successful of all Swedish-American
dialect plays, "Yon Yonson," comes to
the Brainerd Opera house. It is a
comedy-drama which possesses a plot of
dramatic value and as well, during the
presentation of the play, a number of
delightful singing and dancing features
are introduced. "Yon Yonson" was
written by the late Gus Heege, who was
also the first actor seen in the clever
character part. This season the role is

interpreted by Mr. Charles Brattstrom,
who was especially brought over from
Sweden by Manager P. J. Kennedy.
An entirely new scenic outfit has been
provided for this season and one of the
best companies engaged, which has ever
come out of New York in a character
play. It includes among others such
well known artists as Violet Holmes,
Hazel Harroun, Elizabeth B. Chester,
Harry Bond, James C. Mack and E. Guy
Spangler. Seats selling at Dunn's.

MR. WALKER WHITESIDE.

On Thanksgiving "Joshua Simpkins,"
a play of rural life, will be seen at the
Brainerd opera house, matinee and
evening, and it will be a pleasant di-
version for this holiday. The prices for the
evening will be 25, 50 and 75 cents and
the matinee 25 and 50 cents. This play
has just been given at Duluth and the
company received some very meritori-
ous recommendations.

MAUD ULMER JONES.

Accompanied by players of note in-
cluding John Sutherland, Lawrence
Evart, Miss Jessie Church and Miss
Lelia Wolstan, Mr. Walker Whiteside
will present "David Garrick's Love" in
this city at the Brainerd opera house
under the auspices of the Brainerd lodge
of Elks on Friday, Nov. 25. The play is
an adaptation of a German dramatiza-
tion of an episode in the life of the most
famous actor of his day in London.
The version acquired by Mr. Whiteside
during his recent visit to London is en-
tirely new and differs materially from
the one used by the elder Sothern some
thirty years ago. It is a more modern
treatment of the same story and theme
and has met with undeniable success.

MAUD ULMER JONES.

The Helena, Mont., Independent in
speaking of Maud Ulmer Jones, who
will give a concert at the First Congre-
gational church next Tuesday evening,
says:

"Those who attended the concert at
the Unitarian church last evening—and
they were many—account themselves
fortunate, for the reason that they were
privileged to hear the rendition of a pro-
gram filled from first to last number
with that which delights the soul of the
lover of music. The artists were Mrs.
Maud Ulmer Jones and Miss Gertrude
Sans Souci, and the good things that
had been said of them in advance were
shown to be deserved in every particu-
lar. Altogether it was an evening of
music good to remember."

REAREND COLLISION.

Two Passengers Killed and Nine Seri-
ously Injured.

Detroit, Mich., Nov. 17.—Two pas-
sengers were killed and nine or more
passengers and train men were in-
jured in a rear-end passenger train col-
lision at Elmdale, on the Pere Mar-
quette railroad.

The dead are: M. Simons, New
York city, and J. L. Strelitzky, Chi-
cago.

A Saginaw train had preceded a
Detroit train out of Grand Rapids by
a few minutes and was standing on a
"Y" at Elmdale, where the Saginaw
division branches off from the De-
troit division. Through some mistake
the switch was not turned after the
Saginaw train passed and the Detroit
train also ran on the "Y," the loco-
motive of the Detroit train crashing
into the rear car of the Saginaw
train.

The passengers killed and injured
were in the parlor car and the train
men who were hurt were in the De-
troit train.

The Detroit train was running slow-
ly, as it was approaching a station.

Police Stopped the Fight.

South Bend, Ind., Nov. 16.—The po-
lice stopped the fight between Tommy
Ryan and Jack Graham of Kansas
City at the end of the fourth round.
The bout was to have been a ten-
round go. Graham was floored four
times in the last round.

Weddell has for some time been considering the matter of putting in a candy factory here and it is understood now that if proper encouragement would be given him and those interested in the cracker factory at Wadena by the business men of Brainerd, that they could be induced to combine the two and give the city a good paying institution.

The cracker factory at Wadena has been doing a thriving business and it is understood that W. J. Weddell is now turning out a lot of the goods which they need at present to fill orders.

It is understood that the business men here are taking the matter up and something may develop in a few days.

MUSIC AND DRAMA.

"YON YONSON" TONIGHT.

Tonight the original, the most typical and successful of all Swedish-American dialect plays, "Yon Yonson," comes to the Brainerd Opera house. It is a comedy-drama which possesses a plot of dramatic value and as well, during the presentation of the play, a number of delightful singing and dancing features are introduced. "Yon Yonson" was written by the late Gus Heege, who was also the first actor seen in the clever character part. This season the role is

interpreted by Mr. Charles Brattstrom, who was especially brought over from Sweden by Manager P. J. Kennedy. An entirely new scenic outfit has been provided for this season and one of the best companies engaged, which has ever come out of New York in a character play. It includes among others such well known artists as Violet Holmes, Hazel Harroun, Elizabeth B. Chester, Harry Bond, James C. Mack and E. Guy Spangler. Seats selling at Dunn's.

"JOSHUA SIMPKINS."

On Thanksgiving "Joshua Simpkins," a play of rural life, will be seen at the Brainerd opera house, matinee and evening, and it will be a pleasant diversion for this holiday. The prices for the evening will be 25, 50 and 75 cents and the matinee 25 and 50 cents. This play has just been given at Duluth and the company received some very meritorious recommendations.

MR. WALKER WHITESIDE.

Accompanied by players of note including John Sutherland, Lawrence Ewart, Miss Jessie Church and Miss Lelia Wolstan, Mr. Walker Whiteside will present "David Garrick's Love" in this city at the Brainerd opera house under the auspices of the Brainerd Lodge of Elks on Friday, Nov. 25. The play is an adaptation of a German dramatization of an episode in the life of the most famous actor of his day in London. The version acquired by Mr. Whiteside during his recent visit to London is entirely new and differs materially from the one used by the elder Sothorn some thirty years ago. It is a more modern treatment of the same story and theme and has met with undeniable success.

MAUD ULMER JONES.

The Helena, Mont., Independent in speaking of Maud Ulmer Jones, who will give a concert at the First Congregational church next Tuesday evening, says:

"Those who attended the concert at the Unitarian church last evening—and they were many—account themselves fortunate, for the reason that they were privileged to hear the rendition of a program filled from first to last number with that which delights the soul of the lover of music. The artists were Mrs. Maud Ulmer Jones and Miss Gertrude Sans Souci, and the good things that had been said of them in advance were shown to be deserved in every particular. Altogether it was an evening of music good to remember."

REAREND COLLISION.

Two Passengers Killed and Nine Seriously Injured.

Detroit, Mich., Nov. 17.—Two passengers were killed and nine or more passengers and train men were injured in a rearend passenger train collision at Elm Dale, on the Pere Marquette railroad.

The dead are: M. Simons, New York city, and J. L. Strelitzky, Chicago. A Saginaw train had preceded a Detroit train out of Grand Rapids by a few minutes and was standing on a "Y" at Elm Dale, where the Saginaw division branches off from the Detroit division. Through some mistake the switch was not turned after the Saginaw train passed and the Detroit train also ran on the "Y," the locomotive of the Detroit train crashing into the rear car of the Saginaw train.

The passengers killed and injured were in the parlor car and the train men who were hurt were in the Detroit train.

The Detroit train was running slowly, as it was approaching a station.

Police Stopped the Fight.

South Bend, Ind., Nov. 16.—The police stopped the fight between Tommy Ryan and Jack Graham of Kansas City at the end of the fourth round. The bout was to have been a ten-round go. Graham was floored four times in the last round.

ONE ROBBER CAUGHT

PART OF A POSSE OVERTAKES
WYOMING BANDIT AND COM-
PELS HIS SURRENDER.

MAN TAKEN BY SURPRISE

ACCOUNTS OF THE CAPTURE AND
DESCRIPTION OF THE OUT-
LAW DIFFER GREATLY.

Omaha, Nov. 17.—A special from Cheyenne says that the robbers who held up and killed Cashier Middaugh of the Cody National bank and made their escape with a considerable sum of money have been captured in Northern Wyoming. No details have yet been received.

Kansas City, Nov. 17.—A special to the Times from Cody, Wyo., says:

According to news received by telephone from Thermopolis only one man has been captured. This was the larger of the two men who robbed the Thermopolis saloon. The captured man appears to fit the description of the one who shot Middaugh in the attempted bank robbery in Cody. The capture was made by three men in the big horn valley a few miles from Thermopolis.

The three men rode cautiously on the ruffian and got the drop on him. Questioned as to the identity and whereabouts of his partner he refused to talk.

Upon his person were found a revolver and some money that are known to be the same as that taken from Edwards' saloon Tuesday. Parties from Cody will go to Thermopolis to identify the captured man as one of the two men who attempted to hold up the bank at Cody.

Cheyenne, Wyo., Nov. 17.—A dispatch from Thermopolis says that two men who were among those that pursued the two men who held up a saloon several nights ago in Thermopolis overtook the shorter man of the two at the mouth of Owl creek. When called on to surrender he made no resistance, but threw away his gun. He was brought back to Thermopolis and placed in jail. It has not been learned whether he was one of the men who killed Cashier Middaugh. The opinion prevails at Thermopolis that he is not.

PROMOTER FLEADS GUILTY.

Iowa Man Admits Using the Mails to Defraud.

Des Moines, Ia., Nov. 17.—Letson Balliett, who gained wide notoriety a couple of years ago as a promoter of the White Swan mining company of Oregon, suddenly terminated his second trial in the district court for fraudulently using the mails by pleading guilty. The first trial resulted in a conviction after a hard fight, but the second trial was ordered by the higher courts. Balliett was formerly a resident of Des Moines, a young man who went from the work of a mining engineer into that of promoting mines. He organized the White Swan Mining company and through it secured several hundred thousand dollars in stock and subscriptions. It was alleged that but very little of this money was used in developing property, but employed in carrying on stock sales and for Balliett's private uses. Investors began proceedings against Balliett, accusing him of using the mails for fraudulent purposes and the government officials finally made a case against him, which resulted in his plea of guilty during the day.

TWO KILLED BY TRAINS.

Switchmen Lose Their Lives in Minneapolis Yards.

Minneapolis, Nov. 17.—John Powell, foreman of a Wisconsin Central switching crew, was killed in the Boom island yards during the afternoon, and about 7 o'clock p. m. Jacob Bacon, a member of the switching crew, who assisted Morgue Keeper Peter Morton to carry the body of Powell to the morgue wagon, was run down and killed in the St. Louis railroad yards.

Killed from Ambush.

Duquoin, Ill., Nov. 17.—While the Illinois Central railroad was transporting a car of Italian miners into Zeigler, Joseph Letter's mining town, the car was fired into from ambush and one man was instantly killed. About twenty-five shots were fired.

BUSINESS AND PLEASURE.

Federation of Labor Delegates Divide Their Time.

San Francisco, Nov. 17.—Business and pleasure divided the time of the delegates to the American Federation of Labor convention during the day. In the forenoon a busy session was held in which a national fight regarding the seating of Joan Mangan, a delegate from the Florists and Gardeners' union, among the Chicago unions was aired. The question of the standing of the Chicago Federation of Labor, recently suspended by the national association, also entered into the discussion. The credentials committee failed to report on the status of William Schorff, president of the Chicago Federation. When a delegate threatened to bring the matter to a focus and have it laid out on the floor of the convention it was side-tracked by making it a special order of business.

In the afternoon the delegates took a car ride about the city as the guests of the United Railways company and the National Carmen's union. In the evening the delegates were entertained at various receptions and banquets.

REMOVES TWO OFFICIALS.

Presidential Action as Result of Alaskan Investigation.

Washington, Nov. 17.—President Roosevelt has removed from office Frank H. Richards, United States marshal for the Nome district in Alaska, and has requested the resignation of Judge Melville C. Brown of the Juneau district. This action is the result of the investigation of the Alaska Judiciary made by Assistant Attorney General Day.

The investigation involved nearly all the members of the Alaska judiciary in charges and countercharges. Mr. Day made a trip to Alaska to obtain information. The nature of the charges was not made public in detail. It is known, however, that they involved selfish if not corrupt practices before the courts in mining claim cases.

MINNESOTANS LOSE LAND.

Timber and Stone Entries in Oregon to Be Cancelled.

Washington, Nov. 17.—The secretary of the interior has rendered a decision affecting the rights of a considerable number of Minnesota people who made timber and stone entries two years ago in Oregon.

In deciding the appeal of J. W. White, of Park Rapids, Minn., Mr. Hitchcock sustains the ruling of the general land office, holding the entry for cancellation on the grounds of irregularity in submitting proofs.

A year or more ago all timber and stone entries in Oregon and other Pacific coast states were held up. In several cases special agents reported that the land was not entered in good faith, but for speculative purposes.

GREEN GOODS SWINDLE.

Five Suspects Placed Under Arrest in Brooklyn.

New York, Nov. 17.—Five men, who are charged with being "green goods" men, have been arrested in Brooklyn. The men are George Harley, a salesman; Charles Wilson, alias Daniel Creed, a truckman; Albert Sloane, alias George Primrose, alias Charles Tiffany, a clerk; Henry Rogers, a salesman; and Elmer Brown, alias Albert Copper, a commission merchant.

Ever since last summer, Inspector Boyle says, the postoffice department has been receiving complaints from victims of the "green goods" swindle which seemed to place the home of the operators in Greater New York. Much trouble was encountered in discovering the men.

CONGRATULATES FAIRBANKS.

Indianapolis Commercial Club Honors Vice President-elect.

Indianapolis, Nov. 17.—Political aspirations and affiliations were forgotten during the evening when several hundred representative men of both Republican and Democratic parties assembled at the Commercial club to congratulate Senator Charles W. Fairbanks, vice president-elect.

Senator Fairbanks received prolonged applause when he rose to speak. In his introductory address John W. Kern paid a high tribute to the vice president-elect, saying that in the whole campaign he heard no bitter words fall from Senator Fairbanks' lips.

Towboat Destroyed by Fire.

Cairo, Ill., Nov. 17.—The towboat Tenbroeck, which has been lying at the point for the last few days, was destroyed by fire during the night. The Tenbroeck was owned by John McCafferty of Iowa, and was built at Boytown, Minn., in 1882. It was valued at \$10,000.

CIVIL WAR IN COLORADO.

Bloodshed May Result if Peabody Attempts to Retain Governorship.

Denver, Nov. 17.—The tangle over the governorship has become so serious that business interests and the friends of peace are beginning to take alarm.

Governor Peabody contends that a fair canvass of the vote will give him a majority.

Alva Adams asserts that he has been fairly elected and that he will not yield. He declines, however, to outline his plans in the event that Governor Peabody decides to attempt to hold the office.

Democratic leaders say that Adams must be seated and that if this creates civil war it will be a righteous war. Governor Peabody's adherents assert that with fraud eliminated Peabody is elected and that they do not intend to be cheated out of the office. With the militia at their beck and call everyone admits they are in a position to enforce their demands.

Public opinion is aroused more than it has been at any time since the killing of thirteen men at the Independence depot explosion. While commercial interests are counseling forbearance and are deprecating all publicity they admit the situation is critical.

All the mining camps in the state are filling up with members of the Western Federation of Miners and every one of them, it is declared, will take up arms if Adams should ask them to.

UNIFICATION OF SYSTEMS.

Chicago Union Traction Company to Absorb Other Lines.

Chicago, Nov. 17.—Judge Peter S. Grosscup of the federal court, who is one of the receivers of the Union Traction company, which owns the street car lines on the North and West Sides of Chicago, has gone to New York to confer with the men who control the greater part of the stock of the company.

For several months negotiations have been pending between the city and the company relative to the renewal of certain franchises and the large stockholders in the Union Traction company have extended the assurance that they intended to absorb the lines of the South Side and that they would then be in a position to arrange a uniform system of transfer for the entire city. Judge Grosscup said before leaving:

"The parties who have this matter in charge are in New York. They have not requested my presence, but I am going down there to tell them that the court will not wait any longer for a unification of the systems on all three sides of the city."

"If the New York men will not do something at once we shall see what can be done with the lines of the Union Traction company alone and will wait no more for the men in New York to consolidate all the lines in the city."

STROKE OF PARALYSIS.

Colonel Breckinridge of Kentucky Seriously Ill.

Lexington, Ky., Nov. 17.—Examination of Colonel Breckinridge at his home at 2 o'clock p. m., revealed the fact that he had sustained a stroke of paralysis in his right leg. He did not lose consciousness and on reaching here rallied and was said to be out of any immediate danger. Colonel Breckinridge is sixty-five years old.

TELEGRAPHIC BREVITIES.

It is officially announced that Lord Curzon of Kedleston, viceroy of India, will leave England Nov. 24 for India.

J. J. Mahoney, general manager of the Fort Smith and Western railroad and formerly of Minnesota, is dead at Fort Smith, Ark.

The greater part of 50,000 acres of school lands and other state lands were sold at auction Wednesday afternoon at Aldick, in Aitkin county, Minn.

Colonel Edwards, chief of the bureau of insular affairs, announces that the work of establishing civil government in the Philippines may now be said to be accomplished.

W. R. Chapman, for the past twenty years manager for the Western Union Telegraph company at La Crosse, Wis., has been appointed manager at St. Paul, Minn., for the same company.

Slugged and Robbed.

Murdock, Minn., Nov. 17.—John Draper was sandbagged by two men about one mile east of town. He was returning from Kirkhaven when two men jumped from bushes near the railroad track and one of them struck him with a blunt instrument which felled him to the ground, where he lay unconscious. While in this condition his assailants tied his feet and hands with fence wire and gagged him with a handkerchief, robbing him of \$140.

LIGHTS ON THE RIVER OUT.

Navigation on Upper Mississippi Comes to an End.

St. Paul, Nov. 17.—Navigation on the upper reaches of the Mississippi river has closed and the government lights along this section of the river have been extinguished for the winter season. Nearly all of the larger packets are tied up to the banks and prepared for cold weather.

Navigation without the assistance of the lights would be hazardous in the extreme at night, and would hardly be possible even if the river business warranted it so late in the year. The season just closed has been peculiar in some respects and, while not quite up to former years in the matter of freight transportation, has proved to be a remarkably heavy year for passengers.

The world's fair business had much to do with the big totals in the passenger accounts.

Charge Is Murder Now.

Superior Wis., Nov. 17.—The charge against Arthur Woods, the assailant of Ole Bendz, the street car conductor, is now murder in the first degree, Bendz having died. Woods was arraigned on the charge during the afternoon, waived preliminary examination and was bound over to stand trial at the present term of court.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and colds, even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Louis Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by H. P. Dunn & Co., druggists. Price 50c and \$1.00. Trial bottles free.

NAN PATTERSON ON TRIAL.

Prosecution Depends Entirely Upon Circumstantial Evidence.

New York, Nov. 17.—After more than five months in the Tombs prison awaiting trial on a charge of murder it was decided that Nan Patterson, the alleged slayer of Caesar Young, the turfman, would face a jury in the criminal court during the day. Miss Patterson was taken into custody after the tragic death of Young in a cab in which he and the young woman were driving to the pier where Young was to take a steamer for Europe.

Miss Patterson was brought in by prison attendants and took a seat beside her counsel. Her father had a seat within the bar enclosure. The work of selecting a jury from a special panel of 100 talesmen was begun at once and four were secured.

The prosecution will depend entirely upon circumstantial evidence in building its case.

BUSINESS AND PLEASURE.

Federation of Labor Delegates Divide Their Time.

San Francisco, Nov. 17.—Business and pleasure divided the time of the delegates to the American Federation of Labor convention during the day. In the forenoon a session was held in which a national fight regarding the seating of Juan Mangano, a delegate from the Knights and Gardeners' union, among the Chicago unions was aired. The question of the standing of the Chicago Federation of Labor, recently suspended by the national executive committee, also entered into the discussion. The executive committee failed to report on the status of William Schacht, president of the Chicago Federation. When a delegate threatened to bring the matter to a focus and have it hashed out on the floor of the convention it was side-tracked by making it a special order of business.

In the afternoon the delegates took a car ride about the city as the guests of the United Railways company and the National Carmen's union. In the evening the delegates were entertained at various receptions and banquets.

REMOVES TWO OFFICIALS.

Presidential Action as Result of Alaska Investigation.

Washington, Nov. 17.—President Roosevelt has removed from office Frank H. Richards, United States marshal for the Nome district in Alaska, and has requested the resignation of Judge Melville C. Brown of the Juneau district. This action is the result of the investigation of the Alaska judiciary made by Assistant Attorney General Day.

The investigation involved nearly all the members of the Alaska judiciary in charges and countercharges. Mr. Day made a trip to Alaska to obtain information. The nature of the charges was not made public in detail. It is known, however, that they involved selfish if not corrupt practices before the courts in mining claim cases.

MINNESOTANS LOSE LAND.

Timber and Stone Entries in Oregon to Be Cancelled.

Washington, Nov. 17.—The secretary of the interior has rendered a decision affecting the rights of a considerable number of Minnesota people who made timber and stone entries two years ago in Oregon.

In deciding the appeal of J. W. White, of Park Rapids, Minn., Mr. Hitchcock sustains the ruling of the general land office, holding the entry for cancellation on the grounds of irregularity in submitting proofs.

A year or more ago all timber and stone entries in Oregon and other Pacific coast states were held up. In several cases special agents reported that the land was not entered in good faith, but for speculative purposes.

GREEN GOODS SWINDLE.

Five Suspects Placed Under Arrest in Brooklyn.

New York, Nov. 17.—Five men, who are charged with being "green goods" men, have been arrested in Brooklyn. The men are George Harley, a salesman; Charles Wilson, alias Daniel Creed, a truckman; Albert Sloan, alias George Primrose, alias Charles Tiffany, a clerk; Henry Rogers, a salesman; and Elmer Brown, alias Albert Copper, a commission merchant. Ever since last summer, Inspector Boyle says the postoffice department has been receiving complaints from victims of the "green goods" swindle which seemed to place the home of the operators in Greater New York. Much trouble was encountered in discovering the men.

CONGRATULATES FAIRBANKS.

Indianapolis Commercial Club Honors Vice President-elect.

Indianapolis, Nov. 17.—Political aspirations and affiliations were forgotten during the evening when several hundred representative men of both Republican and Democratic parties assembled at the Commercial club to congratulate Senator Charles W. Fairbanks, vice president-elect.

Senator Fairbanks received prolonged applause when he rose to speak. In his introductory address John W. Kern paid a high tribute to the vice president-elect, saying that in the whole campaign he heard no bitter words fall from Senator Fairbanks' lips.

Towboat Destroyed by Fire.

Cairo, Ill., Nov. 17.—The towboat Tenbroeck, which has been lying at the point for the last few days, was destroyed by fire during the night. The Tenbroeck was owned by John McCaffery of Iowa, and was built at Boytown, Minn., in 1882. It was valued at \$10,000.

CIVIL WAR IN COLORADO.

Bloodshed May Result if Peabody Attempts to Retain Governorship.

Denver, Nov. 17.—The tangle over the governorship has become so serious that business interests and the friends of peace are beginning to take alarm.

Governor Peabody contends that a fair canvass of the vote will give him a majority.

Alva Adams asserts that he has been fairly elected and that he will not yield. He declines, however, to outline his plans in the event that Governor Peabody decides to attempt to hold the office.

Democratic leaders say that Adams must be seated and that if this creates civil war it will be a righteous war. Governor Peabody's adherents assert that with fraud eliminated Peabody is elected and that they do not intend to be cheated out of the office. With the militia at their beck and call everyone admits they are in a position to enforce their demands.

Public opinion is aroused more than it has been at any time since the killing of thirteen men at the Independence depot explosion. While commercial interests are counseling forbearance and are deprecating all publicity they admit the situation is critical.

All the mining camps in the state are filling up with members of the Western Federation of Miners and every one of them, it is declared, will take up arms if Adams should ask them to.

UNIFICATION OF SYSTEMS.

Chicago Union Traction Company to Absorb Other Lines.

Chicago, Nov. 17.—Judge Peter S. Grosscup of the federal court, who is one of the receivers of the Union Traction company, which owns the street car lines on the North and West Sides of Chicago, has gone to New York to confer with the men who control the greater part of the stock of the company.

For several months negotiations have been pending between the city and the company relative to the renewal of certain franchises and the large stockholders in the Union Traction company have extended the assurance that they intended to absorb the lines of the South Side and that they would then be in a position to arrange a uniform system of transfer for the entire city. Judge Grosscup said before leaving:

"The parties who have this matter in charge are in New York. They have not requested my presence, but I am going down there to tell them that the court will not wait any longer for a unification of the systems on all three sides of the city."

"If the New York men will not do something at once we shall see what can be done with the lines of the Union Traction company alone, and will wait no more for the men in New York to consolidate all the lines in the city."

W. R. Chapman, for the past twenty years manager for the Western Union Telegraph company at La Crosse, Wis., has been appointed manager at St. Paul, Minn., for the same company.

Slugged and Robbed.

He was returning from Kirkhaven when two men jumped from bushes near the railroad track and one of them struck him with a blunt instrument which felled him to the ground, where he lay unconscious. While in this condition his assailants tied his feet and hands with fence wire and gagged him with a handkerchief, robbing him of \$140.

LIGHTS ON THE RIVER OUT.

Navigation on Upper Mississippi Comes to an End.

St. Paul, Nov. 17.—Navigation on the upper reaches of the Mississippi river has closed and the government lights along this section of the river have been extinguished for the winter season. Nearly all of the larger packets are tied up to the banks and prepared for cold weather.

Navigation without the assistance of the lights would be hazardous in the extreme at night, and would hardly be possible, even if the river business warranted it so late in the year. The season just closed has been peculiar in some respects and, while not quite up to former years in the matter of freight transportation, has proved to be a remarkably heavy year for passengers.

The world's fair business had much to do with the big totals in the passenger accounts.

Charge Is Murder Now.

Superior Wis., Nov. 17.—The charge against Arthur Woods, the assailant of Ole Bendz, the street car conductor, is now murder in the first degree, Bendz having died. Woods was arraigned on the charge during the afternoon, waived preliminary examination and was bound over to stand trial at the present term of court.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and colds, even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Louis Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by H. P. Dunn & Co., druggists. Price 50c and \$1.00. Trial bottles free.

NAN PATTERSON ON TRIAL.

Prosecution Depends Entirely Upon Circumstantial Evidence.

New York, Nov. 17.—After more than five months in the Tombs prison awaiting trial on a charge of murder it was decided that Nan Patterson, the alleged slayer of Caesar Young, the turfman, would face a jury in the criminal court during the day. Miss Patterson was taken into custody after the tragic death of Young in a cab in which he and the young woman were driving to the pier where Young was to take a steamer for Europe.

Miss Patterson was brought in by prison attendants and took a seat beside her counsel. Her father had a seat within the bar enclosure. The work of selecting a jury from a special panel of 100 talesmen was begun at once and four were secured.

The prosecution will depend entirely upon circumstantial evidence in building its case.

ONE ROBBER CAUGHT

PART OF A POSSE OVERTAKES WYOMING BANDIT AND COMPELS HIS SURRENDER.

MAN TAKEN BY SURPRISE

ACCOUNTS OF THE CAPTURE AND DESCRIPTION OF THE OUTLAW DIFFER GREATLY.

Omaha, Nov. 17.—A special from Cheyenne says that the robbers who held up and killed Cashier Middaugh of the Cody National bank and made their escape with a considerable sum of money have been captured in Northern Wyoming. No details have yet been received.

Kansas City, Nov. 17.—A special to the Times from Cody, Wyo., says:

According to news received by telephone from Thermopolis only one man has been captured. This was the larger of the two men who robbed the Thermopolis saloon. The captured man appears to fit the description of the one who shot Middaugh in the attempted bank robbery in Cody. The capture was made by three men in the Big Horn valley a few miles from Thermopolis.

The three men rode cautiously on the rufian and got the drop on him. Questioned as to the identity and whereabouts of his partner he refused to talk.

Upon his person were found a revolver and some money that are known to be the same as that taken from Edwards' saloon Tuesday. Parties from Cody will go to Thermopolis to identify the captured man as one of the two men who attempted to hold up the bank at Cody.

Cheyenne, Wyo., Nov. 17.—A dispatch from Thermopolis says that two men who were among those that pursued the two men who held up a saloon several nights ago in Thermopolis overtook the shooter man of the two at the mouth of Owl creek. When called on to surrender he made no resistance, but threw away his gun. He was brought back to Thermopolis and placed in jail. It has not been learned whether he was one of the men who killed Cashier Middaugh. The opinion prevails at Thermopolis that he is not.

PROMOTER FLEADS GUILTY.

Iowa Man Admits Using the Mails to Defraud.

Des Moines, Ia., Nov. 17.—Letson Balliett, who gained wide notoriety a couple of years ago as a promoter of the White Swan mining company of Oregon, suddenly terminated his second trial in the district court for fraudulently using the mails by pleading guilty. The first trial resulted in a conviction after a hard fight, but the second trial was ordered by the higher courts. Balliett was formerly a resident of Des Moines, a young man who went from the work of a mining engineer into that of promoting mines. He organized the White Swan Mining company and through it secured several hundred thousand dollars in stock and subscriptions. It was alleged that but very little of this money was used in developing property, but employed in carrying on stock sales and for Balliett's private uses. Investors began proceedings against Balliett, accusing him of using the mails for fraudulent purposes and the government officials finally made a case against him, which resulted in his plea of guilty during the day.
